

PAL System

Provision of Alternative Learning System (ALP Catalogue)

Provider Catalogue

For use by Bristol City Council and Bristol Schools.

IMPORTANT: This document is regularly updated. Prices and provision may differ.

Last updated: September 2020

Information for schools

The PAL system has been developed by the council in partnership with Bristol schools and will last until 2021. It includes two lists of approved providers:

- Full-time and revolving door
- Part-time

All full-time placements, including revolving door placements, into alternative provision should be agreed in advance by a Bristol Inclusion Panel (BIP). The placement will then be arranged via the council's ALP Hub with a provider on the full-time list.

Schools will make their own arrangements for part-time alternative learning and may use providers who are on either the full-time or part-time list.

Schools should refer to the most up to date version of this PAL System Catalogue for current details of each provider's service offer including any specialisms and suitability criteria, pricing and contact details.

This catalogue will be regularly updated as new providers join the PAL system or existing providers vary their offer.

Quality assurance

Providers on the PAL system have been evaluated by Bristol City Council against quality criteria including:

- Economic and financial standing¹
- Insurance
- Compliance with equality legislation
- Environmental management
- Health and safety

- Curriculum / Service offer
- Management of student attendance
- Personalised learning
- Achieving outcomes for learners
- Partnership working
- Keeping learners safe
- Workforce
- Equality and diversity
- Approach to quality and service improvement
- Additional social value
- Information Security
- DfE and Ofsted (full time providers only)

For more information about the evaluation process please contact the ALP Hub alphub@bristol.gov.uk

¹ Some providers have been assessed as posing a high financial risk based on an analysis of their accounts, but have been accepted onto the PAL system as this risk is mitigated where they have a specific part-time offer with potentially low contract value and little risk of disruption to education. Any potential financial risk is further mitigated because purchasers are able to pay in arrears.

Quality scores

Full time providers have been given an overall quality score (satisfactory, good or excellent) based on their initial assessment when joining the PAL system and any subsequent performance reviews. Any providers who fail to meet the ongoing quality criteria may be removed from the PAL system.

The Bristol City Council ALP Hub will coordinate quality assurance for all provision that it purchases, and for other full-time alternative learning provision in partnership with schools.

Description of your ALP service (250 words maximum)		<p>For 17 years ALC has provided alternative educational support to students at both Primary and Secondary levels. We currently have 50+ students attending our Centre for support with Maths and English; many learners start with us while at Primary school and continue to come each week until they take their GCSE exams.</p> <p>Our Centre has a warm and friendly atmosphere where learners tell us they feel relaxed and safe. The building is owned by the Principal, which demonstrates a willingness and commitment to providing a secure base in which learners can access individualised learning programmes to enable them to flourish academically, socially and emotionally.</p> <p>We look to improve outcomes for children and young people by identifying gaps in achievement and then setting focused targets to fill these gaps - to enable all students to achieve their potential. The Principal is a qualified assessor dyslexia specialist, and has been able to identify underlying problems that have not been spotted previously. A structured programme of literacy/numeracy support is then put into place, tailored to the individual; resulting in the lowering of anxiety levels.</p> <p>Students attend ALC on an hourly or daily basis. Many of our programmes are individualised and built around the needs of the learner. Additionally, we have a range of Thinking Skill activities to provide enrichment opportunities in the areas of problem solving and creativity. Our learners love these activities, and while they are engaged in them, we can see their concentration and perseverance levels increase.</p>

Description of your ALP service (250 words maximum)		<p>Who for? Up to 30 pupils, who are most at risk of disengaging from mainstream education, have been identified as having multiple disadvantages or who have a negative attitude towards school.</p> <p>What is the programme? In one academic year, CYN will run 3 creative programmes within the school timetable. These will be designed around consultation with the school and the young people, with a variety of creative forms on offer. Each weekly session is 2 hours long, for up to 10 young people, culminating in an end of term exhibition / celebration of their work. These courses look to increase young peoples' attendance at school, support their engagement in education and increase their confidence in learning.</p>

Service description <p>Equine Facilitated and Nature-Based Learning for children and young people with social, emotional or behavioural difficulties and those with special educational needs.</p> <p>Increasing concentration, communication and confidence through interaction with horses and nature. Discovery is a hands-on learning project that brings vulnerable young people together with horses and or nature to promote emotional growth and learning.</p> <p>Through our carefully tailored, interactive learning experiences with horses and wildlife & nature, we support young people to realise what they can achieve.</p> <p>Discovery helps young people to experience an increase in self-esteem, concentration, communication skills and the ability to engage in learning. Those with special educational needs become more focused and are often able to concentrate for longer periods of time. Those with social, emotional or behavioural difficulties become much calmer, more communicative and less impulsive.</p> <p>These short courses run for 90 minutes a week for 6 consecutive weeks usually over a school term sessions are run during the day in either am or pm sessions.</p> <p>We can run as many sessions per week as required and we also offer spaces for the whole academic year.</p> <p>We also offer City and Guilds work based qualifications for post 14 students, these run for 1 day per week over a whole academic year.</p>

Description of your ALP service (250 words maximum)		<p>Our Alternative Provision Service (AP) delivers holistic and innovative education programmes for learners who are currently unable to access mainstream education and not able to access a group educational setting usually due to their social, emotional, behavioural and mental or physical health needs. Fleet's AP service caters to all learning difficulties and disabilities and harnesses the range of SEMH educational expertise available through our experienced management team and tutors. The AP service has proven to be a successful intervention for learners with a range of needs and goals because it is structured and managed as an interim alternative to school which aims to support and reintegrate learners back into another education provision and to obtain qualifications whenever possible. Weekly programmes include programme management and 5-25 hours of tuition per week depending on the needs of the learner and are available year round.</p>

Description of your ALP service (250 words maximum)		<p>Impact mentoring provides support and learning opportunities to any young person experiencing difficulties. We have a team of over 50 professional and experienced mentors and tutors as well as purpose-built centre where young people can feel safe and supported. Young people can engage in activities from brick laying to cooking and graffiti to animal care. We provide all our services users with a holistic approach that employs a dedicated team around the young person, and we work in collaboration with all organisations and stakeholders who are involved in supporting a young person.</p> <p>As we tailor our support to the specific needs of the young person, there are a range of approaches that we can utilise for their benefit. For example, we can provide education and training, Thrive techniques which are based around tackling trauma and early developmental delay, and supporting young people First steps towards engagement support and advice for young people who have a history of mistrusting or avoiding adult guidance.</p> <p>A trusting relationship between mentor and mentee is key to producing positive outcomes for young people in the medium to long-term. A trusting and consistently positive relationships enables a dedicated practitioner to engage a young person with a variety of positive opportunities and experiences, which, in turn, builds the young person's resilience and self-confidence and helps to raise their aspirations and, ultimately, their outlook on life</p>

Service description <p>Wey operates InterHigh, England's only online Secondary School and Sixth Form College. InterHigh provides a full curriculum and pastoral support delivering a highly engaging, interactive environment for pupils enabling them to develop their learning and social skills within a safe, controlled setting.</p> <p>Our uniquely flexible delivery model circumvents a range of barriers to learning enabling pupils to enjoy good levels of school attendance and make excellent progress. Personalised curricula can be delivered on a stage-not-age basis where class groups are organised around learning needs without any of the potential social or organisational issues this might otherwise present.</p> <p>At InterHigh all lessons are live and taught by professionally qualified teachers in an online classroom setting. Class sizes are a maximum of 18 pupils in KS3/4 and 12 in KS5. The classroom provides an interactive whiteboard and teachers and pupils communicate by voice and instant messaging. Individual, paired, group and whole-class activities can be undertaken and all pupils can discretely contact the teacher at any time.</p> <p>Complementing this are a range of clubs, societies, teacher led activities and a school social media platform that provides a broader social setting. Additionally, the entire school curriculum and lesson recordings are held in our structured, searchable and accessible school library.</p> <p>The KS3 curriculum is based on the National Curriculum for England in the subject areas that are offered. At KS4 pupils study Edexcel IGCSEs. Pupils at KS5 can study a range of AS and A Levels. The full range of studies is available on our website: www.InterHigh.co.uk/curriculum</p>

Periods of year operating (e.g. 'Bristol school term-times')	35 week academic year arranged over 3 terms	Operating hours: Our school operates between Monday and Friday over our academic year. Our detailed term-time information is provided on our website. Typically lessons begin at 9:30 and are completed by lunchtime. Thereafter our pupils are able to attend additional subject studies, clubs, and societies or undertake homework and assignments through utilisation of our comprehensive lesson library. Teacher delivered classes typically run for 1-2 hours per subject and up to 3 hours 30 minutes in a day. Live classroom timetables for full-time pupils are typically 12.5 hours for KS3, 12.5 hours for a pupil studying 8 IGCSEs at KS4 and 9 hours for KS5 studying 3 A Levels. Beyond this participation in clubs, societies, other teacher led sessions and access to all homework/recorded lesson resources is available and included in our costing. Our total 'school week' including all of the above is determined as 25 hours for KS3/4 and 15 hours for KS5. Our school is accessible constantly however live teaching is restricted to our 35 week academic year.

Description of your ALP service (250 words maximum)		<p>We work with disadvantaged children and young people of primary and secondary school age with social, emotional, and mental health (SEMH) difficulties. These young people often have diagnosed mental health conditions (or are awaiting a diagnosis) correlated with histories of trauma or psychological distress, attachment difficulties, or other disabilities, learning needs or physical illnesses. Others have not been diagnosed but are experiencing significant stress leading to high levels of social anxiety, self-harming or suicidal thoughts.</p> <p>Our alternative education services meet these specialist needs through imaginative, carefully curated and case managed education programmes designed to meet our three key objectives:</p> <ul style="list-style-type: none"> • Improved social, emotional and mental health • Reduced feelings of social isolation and increased ability to make friends • Greater potential to thrive and learn and improved educational outcomes. <p>Ours is a holistic approach, firmly focused on educational excellence, but drawing on a range of wellbeing and therapeutic practice. It is particularly suited to those having difficulty accessing school because of mental health, anxiety, low self-esteem, and confidence issues and who require part time specialist provision to enable them to fulfil their potential. It is worth noting that our new SEMH hub (GLOW) will also offer a range of free SEMH wellbeing programmes for families and children, which children on ALP</p>			

	programmes will also be able to access for no additional cost so their needs can be comprehensively met.

Key stage	Name of programme	Brief description of programme including hours per week (provide weblink for further information / contact details if different from above)	Indicative cost per learner per day
1- 4	Outreach: 1:1 academic tuition for SEMH and small group work in schools	<p>These outreach tuition programmes can be delivered at home or in school from key stage 1 through to GCSE in all core curriculum subjects and we can also offer A Level. They are individually designed for those children and young people who require either short or long term academic support because of SEMH needs. They are particularly beneficial to students who have missed a lot of school because of mental health, or social and emotional needs and who need support with reintegration back into full time school. They also support schools currently unable to meet such specific learning needs fully from their own resources.</p> <p>The flexible sessions can be tailored to meet the needs of children and schools. We offer from 2 to 15 hours a week of both short and long term support. Whilst we maintain a strong academic focus, the emphasis is on SEMH specialist input. Each placement is carefully case managed by our SEMH expert core team and we build in mentoring, family support, advocacy and other services as necessary to support both the child and the school.</p>	From £37 p/h based on a minimum of two hour sessions.
1 – 4	Outreach: 1: 1 Mentoring for SEMH and small group work in schools	<p>These outreach mentoring programmes can be dovetailed with tuition or run separately. They are particularly beneficial for children and young people who need elements of therapeutic practice integrated into informal professional role modelling relationships. They are individually tailored to the needs of each individual child and placement.</p> <p>The mentoring establishes clear objectives and boundaries in which the child's voice and needs are central, and then works intuitively and sensitively towards these objectives, using befriending, play, narrative therapy practice, sports, drama, and other activities. These support the child to create a relationship and basis of trust from which they can explore their challenges and their strengths. This helps them to create a new and more resilient narrative, which enables them to better thrive socially, emotionally and academically.</p> <p>Each placement is carefully case managed by</p>	From £37 p/h based on a minimum of two hour sessions.

		our SEMH expert core team and builds in family support, advocacy and other services as necessary to support the child and the school.	
1	At Glow Hub: Primary SEMH Creative and Therapeutic Learning Programme	<ul style="list-style-type: none"> • These small group sessions provide specialist learning and wellbeing provision for primary children with SEMH particularly for those struggling with moderate to significant levels of anxiety offering a range of activities including coding for mindfulness, art and drama therapeutic practice, therapeutic creative writing and story telling, narrative therapy practice, cooking, science and nature discovery learning. There is a strong wellbeing focus for the sessions since they provide opportunity to make friends with in a safe environment reducing social isolation whilst drawing on core curriculum. They proactively addresses emotional and mental health through a range of tailored activities, and builds on emotional resilience to access shared learning experiences and mainstream school opportunities, enabling children to better thrive in school. There is an emphasis on building on key curriculum skills and creating enjoyment of learning across subjects. The scope of the sessions can be tailored and adjusted for a range of academic needs through project based learning, choice of project activities, as well as whole group activities. Young people should be involved proactively and engaged in project and curriculum design and able to lead on certain projects. • Runs for half day once a week for primary with a new intake every four months (3 intakes per year). • From March 2020: Weekly timing to TBC • 6 - 8 children in each group • Project runs for 50 weeks per year 	£60.00 for half a day; reductions offered for block bookings.

		(not running over Christmas/ New Year period)	
3 – 4	At Glow Hub: Secondary SEMH Creative and Therapeutic Learning Programme	<p>These small group sessions provide specialist learning and wellbeing provision for secondary children with SEMH particularly for those struggling with moderate to significant levels of anxiety offering a range of activities including coding for mindfulness, art and drama therapeutic practice, therapeutic creative writing, narrative therapy practice, cooking, science, and photography and life story work. There is a strong wellbeing focus for the sessions since they provide opportunity to make friends with in a safe environment reducing social isolation whilst drawing on core curriculum. They proactively addresses emotional and mental health through a range of tailored activities, and builds on emotional resilience to access shared learning experiences and mainstream school opportunities, enabling children to better thrive in school. There is an emphasis on building on key curriculum skills and creating enjoyment of learning across subjects. The scope of the sessions can be tailored and adjusted for a range of academic needs through project based learning, choice of project activities, as well as whole group activities. Young people should be involved proactively and engaged in project and curriculum design and able to lead on certain projects.</p> <ul style="list-style-type: none"> • Runs for half a day once a week with 3 intakes per year. • From March 2020: Timing: Thursday/Fridays (TBC) 10.00 -1pm • 6 -8 Young people in each group • Project runs for 50 weeks per year (not running over Christmas/ New Year period) 	£60.00 for half a day; reductions offered for block bookings.
4	At Glow Hub: SEMH Alternative Provision GCSE small group Programme	<ul style="list-style-type: none"> • These small group sessions provide specialist learning provision particularly for those children with moderate to severe anxiety and SEMH difficulties in core GCSE subjects English, Maths and Science for children in year 10 and 11. There is an emphasis on building on key curriculum skills and 	£60.00 for half a day; reductions offered for block bookings.

		<p>creating enjoyment of learning across subjects. The scope of the sessions can be tailored and adjusted for a range of academic needs including for academically high achieving children and those with SEN such as high functioning ASD and dyslexia and SLT needs and through the small group ability to provide 1:1 resourcing and tailored learning objectives as well as whole group teaching. Young people should be involved proactively and engaged in project and curriculum design and able to lead on certain projects. The sessions proactively addresses emotional and mental health needs through its range of tailored activities incorporating movement, drama, art therapy, coding, cooking and gardening, creative writing and narrative therapy into academic sessions. It builds on emotional resilience to access shared learning experiences through group participation enables better take up of mainstream school opportunities, enabling children to better thrive in school, and to achieve academic potential which otherwise is at risk. Specialist SEN and SEMH resources (staff and learning assets) are vitally present and children will be encouraged to use ICT resources, visual timetables, trigger warnings, sensory and reading aids, as well as SEMH resources.</p> <ul style="list-style-type: none"> • Runs for 3 hours three times a week • Provisional Timing from March 2020: Mondays, Tuesday, Wednesdays 10.00 am - 13.00 pm (times & days tbc) • 6 – 8 young people in each group with half termly intake options. • Project runs term time only: 39 weeks per year.

Description of your ALP service (250 words maximum)		<p>Rocksteady provides construction vocational skills training for Pre 16 year olds who are not in mainstream education or as additional sessions to school or alternative provider programmes. These are delivered at its construction workshop in central Bristol and access is by a revolving door process.</p> <p>Accredited qualifications in construction skills at Level 1, Level 2 and functional skills are available and delivered by qualified trainers and teachers. The workshop covers bricklaying, tiling, carpentry, plastering and painting.</p> <p>There is a pastoral and mentoring framework and access to partner organisations providing trauma counselling support where this is requested. This framework is structured to help young people remove or minimise barriers that have previously prevented them achieving in mainstream education. The ethos and culture are totally learner focused and underpinned by safeguarding processes. The objective is supporting young people to gain confidence in themselves. Continuous help is provided to learners to realise their potential, gain practical qualifications and the people skills that they will need to successfully and confidently progress in their future training and eventual employment, whichever pathway they may choose.</p> <p>Rocksteady also provides professional support in employability by identifying individual pathway options. The programme is further supported by a quality assurance structure and due diligence to achieve learner and organisational outcomes.</p>

Description of your ALP service (250 words maximum)		Early College Placement These opportunities are usually for year 11 learners. In exceptional circumstances a year 10 learner maybe considered. The learner's infill into 16-18 classes and we only permit two Early College Placement students per class. Learners receive support in respect of CEIAG, welfare and when appropriate, in class support. The cost does not include additional support for learners with learning needs. If a student has an EHCP or requires support with behavior, basic skills or a disability, additional charges will need to be agreed			

	to cover such costs.			
	There are three main paths of study:			
	Foundation Learning E3 –Level 1			
	Vocational courses at Level 1.			
	Learners follow a programme of study which includes their vocational qualification, English and maths functional skills and work placement (approximately 3 days)			
	We offer a range of courses which include: : Early Years, Hair and Beauty, Health and Social Care, Sport, Performing Arts, Art and Design, Hospitality and Tourism, Creative Media, IT and Construction.			
	GCSE Plus			
	Students study up to 5 GCSEs and undertake work placement (4 days a week)			
	Increased Flexibility courses			
	These courses are for 14-16 year olds who are attending mainstream education but would benefit from an enhanced vocational learning programme as part of their KS 4 school curriculum. Learners attend for two years from Year 10 for 2 hours a week and can study either Animal Care, Hair and Beauty or Construction			
	We also provide vocational experience taster sessions for small groups of year 10 & 11 learners

Description of your ALP service (250 words maximum)		<p>SGSE (South Gloucestershire Sport and Education) is an organisation that offers all young learners positive experiences, opportunities and education, enabling them to engage, enjoy and achieve, whilst continually learning and developing themselves academically, socially and emotionally. The management have vast experience in educational and mentoring delivery, this stems from working with juvenile offenders within custody for twelve years as an education senior manager. During this time four Ofsted "Good" grades were achieved, along with one "Outstanding" grade. The provision and structure at SGSE is modelled on the same delivery, which is four sessions per day, two AM and two PM focusing on personal and educational development.</p> <p>We provide a broad variety of placements that meet the needs and interests of all learners that are referred to us. These placements are located across South Gloucestershire and Bristol. We have a passion for enabling all learners to develop themselves in all areas of their educational learning journey, as well as developing their confidence, motivation, ambitions, aspirations and functional and life skills. We are an approved deliverer of various qualifications via approved awarding bodies.</p> <p>Our timetable of delivery is structured to meet the needs of the learner which can also include enrichment activities out of the core delivery day. All of our learners are have a plan set out within their initial induction to achieve real accredited educational and life skill outcomes. All progress and</p>			

	<p>achievement is tracked and monitored, and daily updates are cascaded appropriately.</p> <p>Introducing a learner to provision provided by SGSE will give them an opportunity to progress and build on existing skills and qualities.</p>

Service description <p>St Matthias Park is a small secondary provision with bases in the East & Central and North localities of the city. This Pupil Referral Unit is a revolving door provision for pupils who have experienced difficulties in mainstream school and whose educational and learning experiences have left them feeling disillusioned and negative about education.</p> <p>St Matthias Park provides a personalised learning journey for its pupils to develop academic success and the confidence and skills to enable young people to achieve, and grow. Pupils attend the PRU after a permanent exclusion from mainstream or through school referrals into the exclusion prevention programmes it offers. St Matthias can be an alternative to mainstream while an EHCP is underway in order to support the pupil in a specialist setting. As a revolving door provision St Matthias Park aims to ready its pupils to move on to a full time and suitable school roll. Supported by a dedicated, skilful and committed staff team, including curriculum subject leaders who are all experienced qualified teachers, young people successfully move on from St Matthias Park. You can visit St Matthias Park website or read their most recent Ofsted report at: http://www.st-matthias.bristol.sch.uk</p>

Service description <p>We run highly supervised developmental courses in Motor Vehicle Repair and Road Safety for groups of 6-8 students. Each group will have exclusive use of our premises.</p> <p>Courses are designed to <i>improve engagement, behaviour and attendance</i> at introductory level and <i>social and employment skills</i> at subsequent levels. All serve as preparatory courses for our Community Vehicle Project where students renovate a vehicle to donate to a charity of their choice.</p> <p>Courses have a strong focus on learning how to drive safely and legally, enhancing students' independence and ability to access training and employment. Driver Theory Test and CBT awards.</p> <p>Courses comprise:</p> <ol style="list-style-type: none"> 1. Karts: Introductory 6 x 2.5 hour weekly sessions over 6 weeks working on and learning how to drive and service go-karts. 2. Preparation for the British Schools Karting Championship: A 2-term course run in the winter over half a day a week with training for competitions at Avonmouth and other venues. 3. Servicing: A progressive follow-on to Karts, this offers 6 x 2.5 hour weekly sessions over 6 weeks learning how to carry out basic servicing on cars. 4. Community Vehicle Programme: a 2-term, one day a week course developing mechanical, social and employment skills whilst renovating a vehicle for a chosen charity. Qualifications in development at Entry 3, Level 1 and Level2. 5. Pre-Rider Training for Mopeds (16+): 6 x 2.5 hour weekly session over 6 weeks to prepare students for Compulsory Basic Training. CBT certificate available at cost. 6. Pre-Driver Training for cars (17+): 12 x 2.5 hour weekly over 12 weeks and prepare students for their Driving Test.

Description of the governance structure of your organisation on a local level, and if applicable, national level (100 words maximum)	<p>Local representation in Bristol is provided by our Director of Sales.</p> <p>Tute is an approved provider in national DPS frameworks. Our staff become an extension of every team we work with, building capacity where it is needed for you to deliver the breadth and quality of provision you would like your learners to have.</p> <p>Tute customers benefit from the support provided by staff with dedicated roles in sales, admin, IT, account management, HR, finance and teaching and learning.</p> <p>Tute is structured as a school with distinct departments for core subjects. Our wider curriculum is delivered by contract teachers. This structure enables us to respond to a great diversity of need and fluctuating levels of demand for provision from KS1 – KS5.</p>	
List any awarding bodies your organisation is registered with	<p>Because Tute is an online provision, we cannot register with an awarding body, so we partner with schools who are registered as centres to deliver our course. In a Tute course, our teacher takes care of all the learning and assessment, with the only commitment of the commissioner being to appoint a link teacher to manage exam administration and to receive information about learners' progress from Tute's teachers.</p>	

Lot 1 part-time programmes offered and pricing schedule for 2019/20 academic year

We want to enable providers to be flexible and responsive, so we do not expect you to include details of all programmes you offer or may offer in future. The information provided below is to give buyers an indication of the type of programme you offer and your prices. You may wish to provide a link to your website and or contact details for buyers to find out more.

Key stage	Name of programme	Brief description of programme including hours per week (provide weblink for further information / contact details if different from above)	Indicative cost per learner per day
KS1- KS5	Types of lesson available	To suit different budgets and priorities, Tute provides a private and shared provision option, which are explained on this page of our website.	
KS1 – KS5	Tute Product Portfolio	Our complete portfolio of products is clearly illustrated at the bottom of this page on our website.	From £6.25 per learner, per lesson
Shared provision			
KS1 – KS4	Virtual School	A timetable of lessons in core subjects with a choice of differentiated programmes, mapped to the National Curriculum. The timetable is fixed and allows a choice of between 2 and 22 lessons per week	£11.00 - per learner, per lesson Daily cost dependent upon

		ideally suited for learners needing short-term provision. Timetables and term dates can be found here .	the number of lessons chosen by the organisation
KS4 – KS5	Courses	A choice of subjects at GCSE and A level with Tute teaching the whole specification in one year. Tute runs many subject options, with the core subjects being a straightforward choice for learners in alternative provision. Our teachers take care of everything, apart from exam entry. Timetables for 2019-20 can be found here .	£15.00 - 20.00 per learner, per course/lesson (depending on commitment) Daily cost dependent upon the number of courses chosen by the organisation
KS2 – KS5	Tute Go	Targeted programmes of lessons built as interventions to support enrichment, revision and catch-up. Each half term, Tute chooses relevant, high-quality programmes to make available to schools and LAs to support needs at different times of the academic year. Current timetables can be found on this page of our website.	£15.00 per learner, per lesson Daily cost dependent upon the number of lessons chosen by the organisation
KS2 – KS4	Tute Extra	Lessons covering a wide range of subject areas to enrich curriculum, to develop skills and knowledge beyond core subjects, and to foster in learners a love and respect for learning for its own sake. Tute will collaborate with teachers and partners to ensure that the half-termly programmes made available support learners and schools' needs in areas that are not always to easy to cater for. Includes our new Mental Health and Wellbeing Programme. Current timetable can be viewed on this page of our website.	£11.00 per learner, per lesson Daily cost dependent upon the number of lessons chosen by the organisation
Private			
KS1 – KS5	Learning Programmes	Lessons built bespoke to target a school's specific need for their learners and to fill gaps in provision. Organisations tell us what they need and, if we can deliver it, we will!	£100 per group, per lesson (12 learners) Equivalent to £8.33 per learner, lesson Daily cost dependent upon the number of lessons chosen by the organisation
KS2 – KS5	Tute Go	Targeted programmes of lessons built as interventions to support enrichment, extension, catch-up and revision from KS2-KS5.	£90 per group, per lesson (12 learners)

		<p>You choose from a collection of hundreds of lesson topics that have been planned around school needs.</p>	<p>Equivalent to £7.50 per learner, per lesson</p> <p>Daily cost dependent upon the number of lessons chosen by the organisation</p>
KS4 – KS5	Courses	<p>A choice of subjects at GCSE, AS and A level with Tute teaching the whole specification in two years.</p> <p>You choose from Tute's long list of subjects and our teacher becomes a part of your team.</p>	<p>£9950 per group, per course (group of 5 learners)</p> <p>£1990 each learner thereafter</p> <p>Can be paid over two years in 2-year option</p>
KS3 – KS4	Tute Extra	<p>Lessons covering a wide range of subject areas to enrich curriculum, to develop skills and knowledge beyond core subjects, and to foster in learners a love and respect for learning for its own sake</p> <p>You choose the programmes that suit from a list of schemes of learning built by Tute's qualified teachers.</p> <p>Includes our new Mental Health and Wellbeing Programme</p>	<p>£75 per group, per lesson (12 learners)</p> <p>Equivalent to £6.25 per learner, per lesson</p> <p>Daily cost dependent upon the number of lessons chosen by the organisation</p>

Description of your ALP service (250 words maximum)		<p>Part-time alternative provision that uses adrenaline sports and adventure activities to engage young people. Our programs of personal and social development cater for students in Y5 upwards and offer group work and 1-2-1 mentoring. Typically students attend for 1 or 2 days a week, but other formats can be arranged. Transport included for the Bristol catchment. The programs are designed to support a child's main education and should be seen as part of their weekly educational diet. We work with those at risk of permanent exclusion, those suffering with low self-esteem/confidence, and those who are already educated outside of mainstream.</p>

Description of your ALP service (250 words maximum)		<p>Young Bristol is to provide a Creative, Outdoor Activities and an Instructor Training Scheme for Alternative Education provision.</p> <p>The Creative Programme is a flexible programme of activity for young people aged 5+ offering a number of creative activities that focus on hands-on, achievable but exciting and individualised for students.</p> <p>Young Bristol provides outdoor activities for many schools and colleges across Bristol. Our extensive range of activities will positively engage young people, building their confidence, self-esteem and social skills.</p> <p>The Instructor Training Scheme is targeted towards disadvantaged young people aged 16 – 21 who are either 'at risk' of, or already fit into the following categories</p> <ul style="list-style-type: none"> • NEET • Social Exclusion • Young Offenders <p>The aim of the project is to recruit and train young people to gain experience and nationally accredited instructor qualifications in a variety of outdoor activities. As well as this they would gain essential soft skills such as confidence building, communication, teamwork, promotion of healthy living and general life skills. The overall aim would be to prepare trainees for employment or further education within the ever growing outdoor education industry.</p>

Description of the governance structure of your organisation on a local level, and if applicable, national level (100 words maximum)	<p>Young Bristol has a proven track record of delivering to budget and achieving outcomes for a wide variety of funders (including Bristol City Council, DfE, Cabinet Office). We have a Trustee Board made up of 11 highly skilled individuals who bring a mixture of business and voluntary sector experience. The Board meets bi-monthly and receives management reports from the CEO.</p> <p>Views by Substance is our online management and impact reporting platform. It enables us to better demonstrate our impact, monitor delivery and improve our services by measuring the difference our work is making from initial engagement to end of programme completion.</p> <p>Finances are handled centrally. Our Finance Officer processes all payments, with anything up to £500 requiring joint authorisation from the CEO. Spend over £500 requires board approval.</p>
