

Lansdown Park Christmas Newsletter

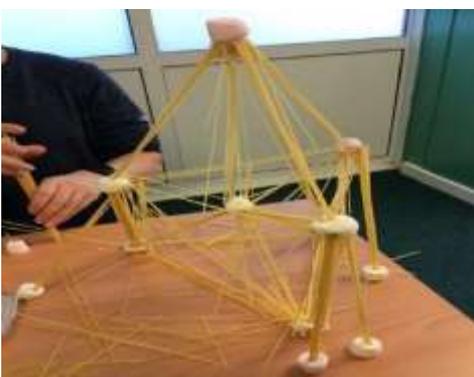

This half-term pupils have been working on their multiplying and dividing strategies, and applying the skills they've learnt to shape and area. Additionally, their mathematical artwork has started to brighten the classroom displays.

Pupils at Stockwood really enjoy music and have been creating their own sounds, practicing their reading skills in order to do this.

KS3 Engagement Day

This alternative curriculum day involved pupils working together, to create strong 3D shapes with spaghetti and marshmallows.

Meet the tortoise who is improving young people's mental health!

Phil is our new therapy tortoise. He knows when someone is sad or frustrated.

Often, students come to him when they aren't able to verbalise their feelings. Next term, students will be reading to Phil about their special interests.

'Phil is a really kind Tortoise, he's a mixture of fun and calmness'

Liam aged 13

'I look after Phil every day and give him food and water. I have also made him a place where he can explore'

Amelia aged 6

Rupert the Dog

Rupert is visiting for cuddles, once a month. Pupils have enjoyed learning about what he eats and likes. They have been thinking about how Rupert shows his different emotions, so that humans know how to support him.

Christmas Construction Competition

And the winner is Liam!

Pupils had to read instructions and follow diagrams in order to successfully complete their tasks. They also used their design skills and planned out what they wanted their structure to look like.

KS2 have been enjoying their new sensory room, parkour, swimming, Horse World and Bikeability. They have also been spending time within the on-site forest school, learning new skills for the outdoors!

The Key and KS2

This term at The Key, pupils have been working on their counting, sensory and vocabulary skills. In addition to this, they have been creating safe spaces, where they know they can go when they have strong feelings.
